Chobe Safari Lodge, on the banks of the Chobe River in Botswana, is the best destination for serious game viewers. Situated in Kasane, Chobe Safari Lodge is close to where the borders of four African countries meet - Botswana, Zimbabwe, Namibia, and Zambia. Take to the waters of the Zambezi River in our specialty safari boats. Our safari boats let you get up close and personal with hippos, crocodiles, and elephants playing at the water's edge. Chobe National Park is well-known for its large herds of elephant that frequent the Chobe wetlands on a daily basis. In the dry season, an estimate of up to 85,000 elephants can be dispersed within the Chobe National Park, where the majority of them can be found along the river. Apart from the herds of elephants, Chobe also has lots more to offer. The Park has lion, leopard, buffalo and a whole host of antelope-like sable, puku, kudu, eland, roan and many others which you can get to see. The river is filled with big pods of hippos and some of the biggest crocodiles in Africa.

The chance of seeing wildlife on the islands and riverbanks is very high as is the likelihood of seeing large numbers of bird species, including goliath herons, malachite kingfishers, and beautiful bee-eaters. Crocodiles and other wildlife including monitor lizards are common. Elephant, buffalo, giraffe, and hippo are also frequently seen with sable, leopard and numerous antelope also being regulars on guests' checklists.

As a magnet for tourists of all descriptions – backpackers, tour groups, thrill seekers, families, honeymooners – Victoria Falls is one of Earth's great spectacles.
